

Your Personal Lilly PatientOne Summary*

Use this sheet to talk about your options with your healthcare provider and apply for Lilly PatientOne.

You have been prescribed: GEMZAR® (gemcitabine for injection)

Your insurance status is: Insured

Lilly PatientOne offers you these services if eligible:

- Collects information on behalf of the Lilly Cares Foundation, a separate nonprofit organization that provides GEMZAR at no cost if you qualify
- Information on independent charitable patient assistance foundations that may be able to help

If you are insured, your doctor's office will need:

- Signed Lilly PatientOne application and signed permission to release your health information to Lilly PatientOne so we can verify your coverage
- Social Security number
- Copies of all insurance cards (front and back)
- Primary insurance (insurance name, telephone number, and policy ID number)
- Secondary insurance (insurance name, telephone number, and policy ID number)
- Monthly gross household income (salary, pension, Social Security, disability, alimony, child support, interest/dividends, rental property, etc)
- Proof of income (examples include a copy of W-2, copy of prior year's tax return, copy of most recent pay stub, copy of Social Security check or award letter, or zero income letter)

Once your Lilly PatientOne application is submitted, if you are approved, Lilly PatientOne will work with your doctor's office to:

- Screen if you are eligible for GEMZAR at no cost through the Lilly Cares Foundation if your claim is denied after all appeals have been exhausted
- Provide you with information on independent charitable patient assistance foundations that may be able to help with the cost of your medication

* The options shown here are not all of the services offered by Lilly PatientOne. This list reflects your answers to the previous questions.
